

Legacy Hills G. C. Recap: August 3, 2022

The MSGA's seventh tournament of the 2022 season was scheduled for August 3, 2022, at Legacy Hills G. C. in LaPorte, Indiana.

The tournament was cancelled after players finished approximately twelve (12) holes because of heavy and continuing rains. Waiting approximately one hour, the Director of Golf after discussions with course management and attending MSGA Board members cancelled the tournament. The major deciding factor was that course management stated they would not allow carts to return to the course. Many players had already left the course at that time.

The Board of Directors decided to carry the awards pool monies over and add to the awards pool for the tournament scheduled for Beechwood G. C. on August 31.

Skins monies for those who played Legacy Hills will be applied to Beechwood. Players not attending Beechwood will have their monies refunded.

The tournament was not rescheduled for a later date.
